

G O L D E N T O A D

Hello. I'm Gyungjoon Kim, CEO of Goldentoad.

Goldentoad is a professional aesthetics brand committed to creating innovative solutions for the future of aesthetics. Since our establishment in 2021, we have expanded beyond aesthetic medical products and devices into a global business encompassing branding, marketing, distribution, and strategic consulting.

Driven by the successful launch of our brands Aronian and Hexkin, Goldentoad continues its global expansion beginning with China. Our growth has been recognized through the \$7 million, \$10 million, and recently the \$30 million Export Tower Awards, along with multiple industry honors.

We believe true growth is built on trust, responsibility, and continuous innovation. Goldentoad will continue striving to deliver refined aesthetic experiences and meaningful value to customers and partners worldwide.

Thank you.

HISTORY

2021. 01

Establish GOLDENTOAD Co.,Ltd.

2021. 01	Export contract with BRPHARM
2021. 03	China & Overseas distributor Contact with PHARMA RESEARCH
2021. 04	ICECAINE trademark application and launch
2021. 06	THERAIN trademark application and launch
2021. 12	Achieved \$6 million in annual sales
2022. 07	Achieved \$10 million in annual sales
2022. 12	Selected in the dermal cosmetic category at the Korea Beauty & Health Industry Awards
2023. 07	Achieved \$18 million in annual sales
2025. 12	Received the \$30 Million Export Tower Award
2026. 03	GIO Aesthetic Series (GIOFILL, GIOPLA, GIO RH Col) launch
2026. 04	ECM skin booster 'Adite' launch

PRODUCTS

GIO Fill™

MGT
(Micro Grinding Technology)

&

HBCT
(Hexagonal Block Crosslinking Technology)

Cross-linked Hyaluronic Acid Filler
with Lidocaine

GIO Fill™ SOFT

Components	Cross-linked Hyaluronic Acid, Lidocaine
Molecules	Low
Packaging	1.1 mL x 1 Syringe / 1 Box

GIO Fill™ DEEP

Components	Cross-linked Hyaluronic Acid, Lidocaine
Molecules	Medium
Packaging	1.1 mL x 1 Syringe / 1 Box

GIO Fill™ VOLUME

Components	Cross-linked Hyaluronic Acid, Lidocaine
Molecules	High
Packaging	1.1 mL x 1 Syringe / 1 Box

GIO Fill™ ULTRA VOLUME

Components	Cross-linked Hyaluronic Acid, Lidocaine
Molecules	Ultra-high
Packaging	1.1 mL x 1 Syringe / 1 Box

GIO PLA™

Fast dissolution, Eco-friendly materials, Verified Safety, Long retention period

GIO PLA™

Components	PDLLA 200 mg
Indications	Collagen Stimulation
Packaging	1 Vial / 1 Box

Verified Safety

Derived from renewable plant-based sources and naturally metabolized into lactic acid.

Bio Stimulator

Uniform spherical PLA particles stimulate collagen production for long-lasting, natural volume.

CMT Technology

Ensures uniform particle formation for smooth injection, low extrusion force, and reduced needle clogging.

GIO RH Col™

An advanced collagen skin booster powered by recombinant human collagen technology.

100% Human-Identical Collagen

Type I & III recombinant collagen supports natural collagen synthesis with high biocompatibility.

Advanced Skin Regeneration

PDRN, Hyaluronic Acid, and Multi-Peptides work together to improve hydration, elasticity, and skin firmness.

Components	Rh Collagen Type I & III, PN, Peptide Complex
Indications	Collagen Stimulation
Packaging	2.5mL x 1 Syringe / 1 Box

GIO NAD+™

An advanced skin booster powered by NAD⁺, NMN, and NR to restore cellular energy and skin vitality.

Cellular Energy Activation

NAD⁺, NMN, and NR support cellular metabolism, promoting healthier and more resilient skin.

Multi-Active Rejuvenation

PDRN, Hyaluronic Acid, and Glutathione work synergistically to hydrate, regenerate, and protect the skin.

GIO NAD+™ S

Components

NAD⁺, NMN & NR, PDRN, HA

Indications

Restores skin vitality and radiance.

Packaging

1 Vial / 1 Box

GIO NAD+™ V

Components

NAD⁺, NMN & NR, PDRN, HA

Indications

Restores skin vitality and radiance.

Packaging

5 mL x 10 Vials

Rejuvenex

c - PDRN DNA polymer based
Aesthetic therapy

Rejuvenex Forte

Components	c - PDRN
Indications	Rejuvenating skin tissue
Packaging	2.5 mL x 6 Ampoules / 1 Box

Rejuvenex Hydro Essence

Components	c - PDRN, Hyaluronic Acid
Indications	Rejuvenating skin tissue & Hydrating
Packaging	2.5 mL x 5 Syringes / 1Box

Rejuvenex Vega Shine

Components	c - PDRN, Glutathion, Pantenol
Indications	Rejuvenation & Whitening
Packaging	2.5 mL x 6 Ampoules / 1 Box

Rejuvenex Repair Cream

Components	c - PDRN
Indications	Rejuvenating skin tissue
Packaging	10 g x 1 Tube / 1 Box

Adité

Innovative ALL-IN-ONE (containing key skin-building components such as Collagen Elastin Hyaluronic acid) ECM booster

Adité

Components	100% Micronized Acellular Dermal Matrix
Indications	ECM Booster
Packaging	150 mg / 1 Syringe / 1 Box

ICECAINE CREAM

ICECAINE CREAM

Components	Lidocaine 10.56 %
Packaging	500g
Storage	at a temperature between 1~30°C

A collection of Re N Tox products is displayed on a white marble surface against a plain white background. The products include two boxes of Re N Tox, one standing upright and one lying on its side. Each box is red with a white and green logo at the top and the text 'Re N Tox' in white. Below the logo, it says 'RECONSTITUTIONAL NUTRITION' and 'REPLENISHES ESSENTIAL NUTRIENTS'. The box on the left is labeled '100 Doses' and '1.97 LBS'. The box on the right is labeled '100 Doses' and '1.97 LBS'. In front of the boxes are two glass vials with red caps and labels that match the boxes. One vial is standing upright, and the other is lying on its side. A glass syringe with a needle is also visible in the foreground.

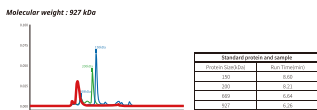

Storage	at a temperature between 2~8°C
Packaging	100 Units / 1 vial / 1 box
Exp	36 months from the manufacturing date

Storage	at a temperature between 2~8°C
Packaging	200 Units / 1 vial / 1 box
Exp	36 months from the manufacturing date

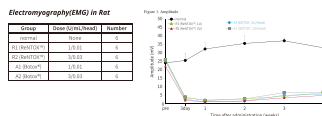

Toxin Molecular weight Confirmed

The molecular weight of ReNTox™ protein has confirmed through other toxin products.

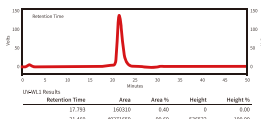

In vivo Efficacy Confirmed

According to electromyography test in rat, ReFlexTM shows equivalent efficacy compared to Botox[®]

Highly purified Toxin: 99.6%

ReNTox™ is a highly purified product manufactured by purification process.

Toxicity study in Monkey

Completed the pre-clinical studies in monkey that is most genetically and physiologically similar to humans. Toxicity of ReNTox are proved in various pre-clinical studies.

Study Type	Route	Test system	Doses
Safety Pharmacology			
Effects on Central Nervous System	IV	Rad/Sprague Dawley	0, 3, 10, 30 mg/kg
Effects on Central Nervous System	IV	Rad/Sprague Dawley	0, 3, 6, 12 mg/kg
Effects on Cardiovascular system	IV	14-16 Crl:CD	0, 3, 6, 12 mg/kg
Toxicology			
Single dose	IV	Rad/Sprague Dawley	0, 6, 20, 250 mg/kg
Repeated dose (4weeks)		Rad/Sprague Dawley	0, 3, 6, 10, 60 mg/kg/week
Repeated dose (2weeks)		HiMaxx/Tyrodal	0, 1, 10, 18 mg/kg/week
Repeated dose (4weeks)		HiMaxx/Tyrodal	0, 3, 6, 12 mg/kg/week

REJURAN

Exclusive Distribution Rights in China
Authorized Distribution in China

REJURAN Healer

Components	PN (Polynucleotide)
Indications	Wrinkle improvement & Rejuvenation
Packaging	2mL x 2 Syringes / 1Box

REJURAN Trueskin Essence

Components	PN (Polynucleotide)
Indications	Wrinkle improvement & Rejuvenation
Packaging	2mL x 2 Syringes / 1 Box

REJURAN i

Components	PN (Polynucleotide)
Indications	Under-eye skin rejuvenation
Packaging	1mL x 1 Syringe / 1 Box

REJURAN s

Components	PN (Polynucleotide)
Indications	Scar & Depressed Skin Rejuvenation
Packaging	1mL x 1 Syringe / 1 Box

REJURAN HB

Components	PN (Polynucleotide), HA, Lidocaine
Indications	Skin Rejuvenation & Deep Hydration
Packaging	1mL x 1 Syringe / 1 Box

REJURAN SKIN BOOSTER

Components	c-PDRN, Hyaluronic Acid, Four Amino Acids
Indications	Tissue Regeneration, Nourishment & Hydration
Packaging	Formulation 1 : 2mL x 3 vials Formulation 2 : 2mL x 3 vials
